FILCHERS OF THE NEWS

Y ou may consider protruding hat-points and feathers and quills on women's hats that stick into your face the worst nuisances to be found in the subway, elevated and surface cars, but to me they are not half as offensive as the people who sit alongside of you and read all the news from your paper, a deplorable Brooklynite in a Fifth Avenue elevated car...

Porto Rico Land of Constant Summer
It is not merely the climate that makes a visit to Porto Rico so memorable, nor the wonderful richness of scenery and soil, but added to all these the succession of fascinating scenes that this lovely island affords.
You can take one of our splendidly equipped steamers any Saturday from New York, and in less than five days you are at San Juan.
Then follow dreamy days of discovery ashore, with visits to the Plaza, the Casa Blanca, the old Spanish Cathedral, where Ponce de Leon's bones are supposed to be entombed; the Obispaio, or Bishop's Palace, the Alcaidia and many other fascinating places associated with early Spanish legends.
And at nightfall, when you return to wander through terraces and hanging gardens overlooking the sea, the music of a distant military band will echo the music in your heart as you thrill with the romance of the scene.
